Week 5 Prog 1

Watch the following video:

Buckys C++ Programming Tutorials - 12 - Introduction to Classes and Objects (Links to an external site.)

Write the program in the video, run the code, get correct results and turn in for credit

Turn in version of code at end of video..

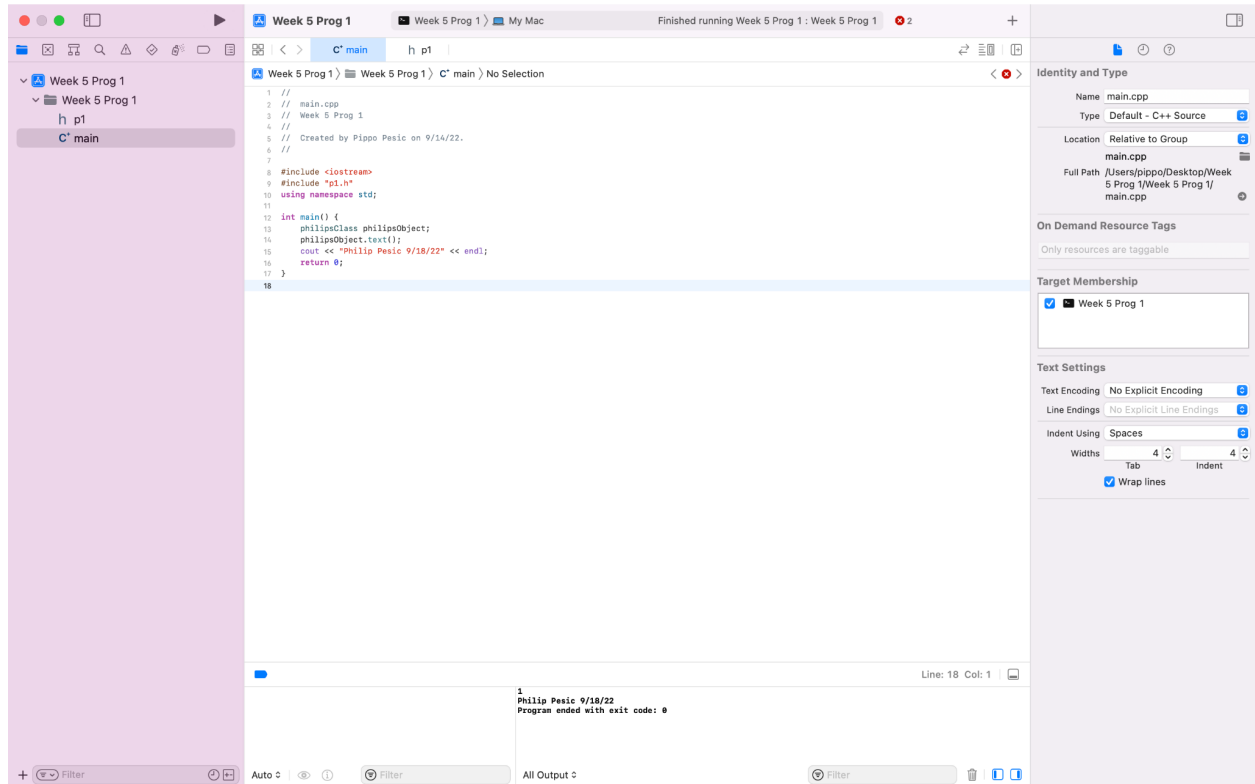

```
//  
// main.cpp  
// Week 5 Prog 1  
//  
// Created by Pippo Pesic on 9/14/22.  
//  
  
#include <iostream>  
#include "p1.h"  
using namespace std;  
  
int main() {  
    philipsClass philipsObject;  
    philipsObject.text();  
    cout << "Philip Pesic 9/18/22" << endl;  
    return 0;  
}
```

Week 5

September 18 2022

Week 5 Prog 1

I practiced writing and importing .h files into a program

philipsClass

-X: int

+cout: x
